If you're interested in seeing what Bodog has to offer, take a look at our full review of the site below. We examine what it has to offer, including games and promotions as well as looking at which payment methods it supports, site safety, and customer support.

Games

The games featured at an online casino are usually one of the most important features. All sites should offer a good mix of quality and fair games for players to enjoy. At Bodog, you can find a large variety of [online casino games with real money](#) betting. Choose from hundreds of slots plus lots of classic table games. Game providers at Bodog include Real Time Gaming, Betsoft, and Pragmatic Play, all of which provide high-quality software.

The slot collection makes up the biggest proportion of Bodog's game library, with well over 300 different titles. There's everything from classic fruit slots to modern games filled with free spins and other bonus features. Bodog also offers an

extensive jackpot slot collection with games offering huge progressive prizes.

When it comes to table games, you can play all of the classics like blackjack, roulette and craps. Choose between regular or VIP tables or look for a variation with different rules to play something new. There are also live dealer games if you prefer. These games offer an immersive experience, letting you play against a real dealer. Bodog offers four different live dealer games, which isn't a huge collection but still enough to cover all of the best games.

Promotions

Like many online casinos, Bodog offers lots of interesting promotions to new and current players. These offers are designed to get people signing up and playing, but they offer a lot of value to anyone who enjoys casino games. The welcome offer is a one-time bonus that's available to new players. This offers a 100% matched deposit bonus worth up to \$600.

To claim your welcome bonus, simply sign up and make your first deposit of at least \$20. It will be matched 100%, effectively doubling your bankroll. To gain the full bonus amount, you'll need to deposit at least \$600.

Other promotions offered by Bodog include loyalty reward points and a refer a friend bonus. Earn points each time you play with the loyalty reward scheme. One dollar wagered equals one point, and you can cash your points out later for prizes. The more points you earn, the higher your reward tier level, meaning that the more you play, the better your rewards will be.

If you have friends who you think will enjoy Bodog, you can earn a 200% bonus up to \$100 simply by referring them. If they use your referral link to sign up, you'll gain rewards as soon as they deposit. What's more, if they deposit using Interac or

There's a minimum deposit amount of \$20, and your deposit should be credited to your account instantly. The withdrawal time depends on the method you use.

Security and Safety

Bodog is a safe and secure online casino with a licence from the Antigua and Barbuda Financial Services Regulatory Commission. Although it doesn't have a licence from one of the more reputable gambling authorities, the reputation of the site itself is very strong. Bodog has been in business for many years and always treats its players with respect and fairness.

Customer Support

Customer support is an important aspect of any online casino that can sometimes be overlooked. Any site you use should have a friendly and helpful customer support team that is available to contact during most of the day. At Bodog, you can contact support 24/7 by phone or email with any question or issue you might have. Response times are fast, and while there's no live chat, the [customer service is excellent](#).
